Health Promotion Ontario

2016 Conference

Health Promotion Ontario Conference

Celebrating 30 years of the OTTAWA CHARTER

OTTAWA

18-19 OCTOBER 2016

Preliminary Program

Health Promotion Ontario

Celebrating 30 years of the OTTAWA CHARTER

Conference Theme

Health Promotion Ontario provides a forum for students, practitioners and researchers to come together and discuss issues and ideas in and around the field of health promotion. This year's conference will be in celebration of the **30th anniversary of the Ottawa Charter for Health Promotion**. To reflect on remaining challenges and discuss where the profession should head in the next 30 years, we will focus on the theme of what it means to be "**Pushing Boundaries**" in our practice. We will be exploring the importance of political, sectoral, disciplinary, methodological, institutional, and personal actions. What are the consequences of being risk averse? Accordingly, we are inviting presenters with diverse perspectives to present work that enacts the strategies and actions of the Ottawa Charter and helps us to look to the future.

Health Promotion Ontario

Celebrating 30 years of the OTTAWA CHARTER

DAY ONE

COMMUNITY DISCUSSION
THE CANADIAN DIET AND THE FUTURE OF HEALTH PROMOTION

DISCUSSION TOPICS

Let's discuss what we could be doing to improve the nutritional health of all Ontarians as health promoters over the next 30 years given the diverse groups of people we serve. What impacts will the aging demographic and changes to our climate have on our work? With active input from our Discussants, we'll surface ideas in the audience that are not being widely taken up in the profession, and get into the details of how to marry efforts at behaviour change with more structural work to enable healthier diets all Ontarians.

MODERATOR

Ketan Shankardass
Department of Health Sciences, Wilfrid Laurier University
Centre for Urban Health Solutions, St. Michael's Hospital
Dalla Lana School of Public Health, University of Toronto
